

## Why Choose Portrait Honeycomb Shades

- **One of the most energy efficient** window furnishings available, which can offer up to 34% energy saving.
- Unique D cell design, which keeps your pleats nice and sharp, instead of flattening out towards the bottom of the shade.
- Cordless child safe operating systems certified "Best for Kids".
- Optional LightGuard to reduce light leakage on the sides of the shade giving you the best opportunity to darken your rooms.
- Multiple Cell sizes and over 500 fabric options.
- Sheer, Light Filtering and Room Darkening fabrics.
- Breeze and Windsong woven and designer fabrics, as well as new on-trend colour palettes Whisper and Solus.
- Patio Door Vertical with options to stack left, right or floating. Combine with a sheer in the Day&Night for the ultimate in flexibility.
- Supplied with Norman's exclusive "No Questions Asked" 3 year warranty. Even if you break it, we will replace it.
